## Chiropractor

### Welcome to Waverley Chiropractic Centre

---

Experienced, affordable Chiropractic care and the ability to book an appointment online 24/7. With over 21 years of Chiropractic experience, your Glen Waverley family Chiropractor Dr Shaun Beovich is able to offer affordable health care. Having spent 4 years living in the villages and islands of Fiji delivering much needed Chiropractic care to the underprivileged, Dr Shaun sees his mission as a Chiropractor as one of service. And here in Melbourne we want that service now! So you can easily book online at Waverley Chiropractic 24/7 [here](#) or phone 8839 5364.

Located at 490 Springvale Rd, Glen Waverley within Healthy Energy the practice is not far from [Brandon Park Shopping Centre](#) and [The Glen Shopping Centre](#). A bus stop is right out the front and [The Victorian Rehabilitation Centre](#) is just across the road.

Dr Shaun began his Chiropractic career in Glen Waverley with his father, Dr James Beovich (Chiropractor, Pharmacist and Acupuncturist) in late 1994 after 5 years Chiropractic study at RMIT University and 1 year of Science at Monash University. Dr Shaun was born and bred in Glen Waverley having gone to primary school up the road at St Leonards and then to Mazenod College in Mulgrave. His dad started his practice at home and it wasn't uncommon to have patients hanging upside down on our monkey bars in the backyard!

Initially Dr Shaun, being into triathlons, touch footy and AFL was heavily involved in Sports Chiropractic, looking after football teams like Mazenod OCFC in the VAFA (his eldest son plays for them now) and State Junior Volleyball teams along with experience at National and International level. In Fiji he also presented to the Fiji Olympic Medical Team on sporting neck injuries.

In 1996 he moved to Fiji with his wife Cara and spent 2 years on the outer islands living in villages and doing volunteer Chiropractic work. The 1st of his 6 kids was born on one of these islands. He then moved to the mainland and set up 2 Chiropractic centres in Sigatoka and Suva, again making it affordable for locals to access quality spinal health care. He wrote a weekly column on natural health in The Fiji Times and The Daily Post newspapers and was often seen on inter-island ferries or in the back of a ute with his trusty portable table.

In 2000 the family returned to Melbourne and he has been with his brother, Chiropractor Dr Mark Beovich at Bayswater Chiropractic Centre ever since. His family has grown to six plus 2

home stay students from China. With this, although still having an interest in sporting injuries, his focus has shifted to babies, children and wellness care.

Underpinning all of this is his faith. Wellness involves Mind, Body and Spirit. Dr Shaun is a Christian and is an active member of The King's Way Christian Fellowship. Recently he was blessed to be able to lead a mission trip back to Fiji with his family. He is also President of the Parents and Friends Association of his kids school, St Andrews Christian College, which he has been involved with for the last 8 years.

Welcome to Waverley Chiropractic Centre.

- Neck and Back Pain
- Headaches and Migraines
- Wellness Care
- Sporting Injuries
- Bulk-billed Medicare Chronic Disease Management (CDM/EPC)
