**Melbourne Blocked Drains – FAST Drain Cleaning**  
**24 hours a day – 7 days a week**

At Yarra Plumbers we offer a complete residential and commercial drainage service from; drain unblocking, drain clearing and cleaning through to replacing broken drains. We realise that having a blocked drain is unpleasant and needs to be fixed quickly, so we offer an express service to get things working as they should!

Our Plumbers are experts at locating and diagnosing the cause of the blockage. Drain blockages most often occur due to tree roots in the drains, disposal in drains of un-flushable objects and movement of drains caused by ground movement. Our Vans are equipped with fast and powerful drain equipment to efficiently resolve the problem fast and get your drains flowing again.

**We offer a fully guaranteed, fast and efficient service.**
