John Barnes and Co

Locksmith Services

Fast and effective locksmiths in Melbourne

At John Barnes & Company Pty Ltd, our aim is to bring to you fast, efficient and personalised service for all your urgent locksmithing needs. Whether you require locksmith services for your home or your commercial property, we can come to you anywhere over greater Melbourne and take care of it quickly and professionally.

Our locksmith technician will arrive in a fully equipped van that contains a wide range of locksmith products, specialised equipment and machinery that will be used to complete your call out requirements.

Protecting your privacy for 65 years

In the security industry, protecting the privacy and confidentiality of customers is paramount, and at John Barnes & Company Pty Ltd, we take this responsibility very seriously. We will not risk the trust and integrity that our clients have instilled in us to promote customer activity or signage. Our 65-year history in a competitive industry clearly indicates the strength of our reputation and loyal customer base.

John Barnes & Company Pty Ltd also has a national network of trusted, qualified locksmiths that can support our global clients and build a solid base for potential customers.

Reliable and secure automotive locks in Melbourne

At John Barnes & Company Pty Ltd Locksmiths, we're dedicated to offering the latest computerised key cutting technology in the area. Our state-of-the-art workshop is kitted out with a unique and dynamic key code software program, allowing us to provide a comprehensive range of affordable transponder and keypad products for automotive customers throughout Melbourne. And with over 65 years of experience to draw from, we ensure that you get all the advice and guidance you need to make an informed decision on the right product for you.
