

Agean Kitchens Kitchen Renovations

ABOUT US

Please note that Agean Kitchens has moved to 68 Boulder Road Malaga.

Agean Kitchens has been designing, building, installing and project managing exquisite kitchens and bathrooms in Perth for since 1992.

Our multi-award winning designer and cabinet makers have completed projects for some of Perth's finest homes in Applecross, City Beach, Claremont, Cottesloe, Dalkeith, Mosman Park, Nedlands, Subiaco, and West Perth to name a few.

We combine flawless craftsmanship with high quality materials to deliver showpiece kitchens that are stylish, practical, and functional. From traditional to contemporary designs, we can create a kitchen that reflects your personal taste and meets your lifestyle requirements.

Our Designer and Cabinetmakers also have years of experience in alfresco, utility/laundries, wardrobes, home office/libraries, theatre rooms, bars, wine cellars and other custom interiors.

If you are building a new home, planning a kitchen or bathroom renovation, or require the services of an award winning team for custom cabinetry work in Perth, contact Agean Kitchens to arrange an in-home consultation, design and quotation.

Agean Kitchens is located at 68 Boulder Road, Malaga. For further information, email enquiries@ageankitchens.com.au or phone (08) 9209 2777.

SERVICES

If you are building a new home in Perth, renovating, or remodelling, Agean Kitchens' award winning design and cabinet making team can help you through the entire process, from planning and design to installation and project management.

Consultation

At Agean Kitchens, your new interior begins with an in-depth consultation at your home or in our showroom. We discuss your likes and dislikes, your lifestyle needs, aesthetic preferences, and vision for the space you wish to transform. We also discuss material options, appliance choices, plumbing fixtures, and lighting. By Appointment only.

Design

Utilising the information from the consultation our designer will develop a well thought out concept

and specification for your project. Revisions to both the design concept and budget are accommodated throughout this process.

Our award-winning designer ensures your project blends seamlessly with the architectural details of your entire home. We personally prepare all design plans for your final approval, including floor plans, elevations, details, appliance locations and lighting. Attention to detail is important to us.

Fabrication

True custom cabinetry is more than clever design, gorgeous materials, and beautiful finishes. It is about drawers that open and close effortlessly, doors that hang straight and flat, and reveals that are consistent and clean.

At Agean Kitchens, we are renowned for the quality and durability of our finishes. Be it hand stained, glazed, or distressed, our craftsmen have a keen artistic eye and attention to detail you normally only find in the finest furniture.

Installation

At Agean Kitchens, we understand that the practice of installation requires a high level of training, skill, diligence and pride. Unless properly installed, even the finest cabinetry will not look right or function properly. The craftsman really does make the difference in custom cabinetry installation. That is why your Custom cabinetry is installed by the same craftsmen who made it.

We provide our craftsmen with unparalleled support, well-detailed drawings, engineering that takes into account the challenges of installation, and a premium quality product. We also emphasise the importance of good communication and coordination with other trades involved in each project.

Project Management

We can Project Manage your renovation for you. Agean Kitchens have our own team of tradesmen including Demolition, Registered Builder, Electrician, Plumber, Tiler and Painter. Agean Kitchens employ experienced, licensed and trustworthy tradesmen. We respect your home and leave it clean and tidy. Your project will be installed on time with as little disruption as possible. Agean Kitchens are fully insured for Public liability and Workers compensation

Guarantee

All work is personally supervised and of the highest standard. We are happy to provide you with references from previous clients. For peace of mind your investment is covered by our 10 year written guarantee.
