

About Us

CSM Fabrication and Welding

Fabrication and Welding

We're committed to providing you with the highest level of service, so you'll always be happy that you chose us.

Metal fabrication and welding is a trade that most people aren't familiar with. Here at CSM fabrication & welding, we promise to never unfairly take advantage of someone who needs our services. We pride ourselves on our honesty and integrity and we firmly believe that you'll see the difference when you choose our company. We've also been family- owned and operated from the start.

CSM fabrication & welding, are a custom sheet metal fabrication, general fabrication and welding business. We specialise in stainless steel and aluminium fabrication. Having over 50 years of experience enables us to provide you with the best service and best price.
