We use environmentally friendly shampoo with inbuilt deodoriser the cleaning of the carpet is guaranteed not to shrink the carpet.

The industrial grade steam cleaner has a strong suction so that the moisture and dirt are immediately removed from the carpet leaving the carpet clean and ready to walk on normally within three hours. Once extracted the dirty water is stored for disposal at an external site.

We have the ability to remove all common stains from the carpet. This is achieved by using specifically designed spot cleaners for particular stains. Colour removal from carpets is guaranteed not to occur.
