

About Us

Mitsubishi Electric

Air Conditioner

Creates high quality electrical and electronic products - for the home, business and industry.

When you think of Mitsubishi Electric, you probably think of high quality [air conditioners](#), but, since 1967, we have been touching your life in so many other ways.

We supply the traction system on the train that takes you home, the [giant screens](#) at the MCG, and the substation that regulates your electricity. The satellite that carries your mobile phone call are made by Mitsubishi Electric too.

We also provide [Jet Towel hand dryers](#) for your office, [video walls](#) for entertainment and control rooms.

No matter where you find Mitsubishi Electric, you'll see the same hallmarks of performance and dependability. With Mitsubishi Electric, it's all about quality of life.

Community Activities

Community

Mitsubishi Electric Australia contributes toward a better society by supporting a variety of institutions and events within its local community as well as nationally. Our environmental activities cover a wide range of areas and are based on an ambitious environmental plan aimed at nothing less than a "sustainable society" that is, a society in which environmental impact is controlled to the greatest possible extent and limited resources are effectively recycled. Changes that make a better world.
