To keep your home, family and property safe, insist on good quality locks and professional service from qualified and certified Locksmiths. Toplock Locksmiths have a combined experience of 30 years and are members of the MLAA, the governing body in Australia for the Lock smithing industry. Keep up to date with your Home Insurance requirements with Deadlocks, Window Locks and Security Alarms. Rekeying is a popular service we offer where we change the combination of the lock so old keys cannot work. This is a perfect solution when you move home or office premises and you want to make sure no previous owners can use old keys. It’s cheaper than installing a new lock, but is as good as. Toplock Locksmiths offer a wide range of Door and Window Locks €“ all quality brands such as Lockwood, Whitco and Gainsborough – in many colours and styles. We install Security Alarms, CCTV and Access Control €“ this means wherever you are you can log on and check your home is secure and all is well. You can use your computer, laptop or Iphone to log in and look ... anywhere in the world ! We are based in Northcote, Melbourne and are **The Local Locksmith** to many customers in the area plus we service the Melbourne CBD and surrounding suburbs.

Key cutting

Key cutting – carried out on site thanks to our fully equipped full mobile units. Standard keys cut as well as Restricted Keys cut to a security code and only by Top Lock Locksmiths. We cut standard keys for the home and office. Restricted keys for commercial properties, which ensure added security for the premises. Car keys which are then programmed.

Internal door locks & latches

Internal door locks & latches. We can install new door locks and latches for added security, on all different rooms to secure the internal areas of your home.

Gate locks

Gate locks – just as important as the locks on the doors and windows. Keep your home and garden even safer with the installation of a quality, high grade gate lock. Magna Pro latch locks, pool fencing locks, children restraint locks, magnet locks.

Garage door locks

Garage door locks – essential in keeping the car and the garage contents safe. T bar handles, LF roller doors, roller door anchors, different sizes available for all applications.

Fly wire screen door locks

Fly wire screen door locks – fly wire screen doors are an Aussie home favourite and an excellent part of your home security needs. We carry out repairs and replacement of security door locks and screen door latches. Popular brands include Whitco, Austral, Batman sliding door locks, 3 way locking security door locks. Available in standard door colours.

Deadbolts & dead latches

Deadbolts & dead latches – a must for high level home and property security. Often a requirement for many insurance policies. Brands we use are Lockwood, Whitco, Gainsborough, Nexion Lock sets. Available in multi colours. Security rated, insurance rated. Can be keyed alike to the rest of the doors in your home. Single sided deadlocks and double sided deadlocks.

Window locks

Window locks – essential extra security for your home and often an insurance policy requirement. Available in satin chrome, gold, silver, cream, brown and black. Some of the brands we use are Whitco, Lockwood, Guardian. Wind out window locks, sash window locks. Sliding aluminium window locks. Push locks, multi bolts, awning windows, lockable fasteners, sliding window catchers, mini push window locks, window winders, window fasteners, casement stays,

Rekeying locks – to all work on one key

Rekeying locks – meaning the lock combinations are changed so all locks work on one key. An ideal alternative to having separate keys for separate locks. Use one key to open all your door locks .. how convenient is that. Also locks can be rekeyed so old keys cannot be used, essential security when moving to a new premises.

Servicing locks

Is your lock not working ? Key won't turn or the lock is jammed ? Sounds like your lock needs a service. Servicing locks, servicing strikes, planing doors ... sometimes a service is all your locks need. Movement in buildings is a common problem and can lead to a lock or strike needing an adjustment. Top Lock Locksmiths fully equipped mobile vans come to you and carry out a fast and efficient lock service.

Repairs to existing locks

Jammed lock ? Key won't turn ? Key snapped in the lock ? We can carry out repairs to existing locks, a cost effective alternative to new locks. We can also rekey your locks – changing the lock combination – so old keys can't be used or one new key can open all locks.

New door locks supplied and fitted

New door locks supplied and fitted – interior and exterior doors. We use Lockwood, Whitco, Gainsborough and Carbine locks plus many other high quality lock brands.

Moving House ?

Moving House ? We can enhance your home security with new locks, lock rekeys (changing the lock combinations so old keys don't work), new keys and security alarms. Doors inside and outside the home, gate locks, fly wire screen door locks, roller doors locks, patio locks, window locks – we do it all.

Emergency Lock Outs

Locked out of your home? We've now set up a new business, Toplock Emergency Locksmith Melbourne operating from central Melbourne. Our inner city office call center is staff 24 hours a day. All calls are answered so if you are in need of an emergency locksmith, we'll have a van on its way to you within minutes of your call.
