

Locksmith Services Pty Ltd- Locksmith Services - Frankston *Safe Services- Locksmiths*

Locksmith Services Pty.Ltd. now incorporates Frankston Locksmiths, Bayside Locksmiths , Mount Martha Locksmiths and Peninsula Safe company

In 2013 Peninsula Safe company was formed to accommodate the South eastern suburbs and the Mornington Peninsula with its own safe company which allows for faster and more reliable service being repairing, opening or purchasing a new safe. With 2 large showrooms Peninsula Safes will be able to support all your safe needs.

New Safes- Locksmiths

Nearly everyone has items that they need to protect from a fire or burglary. Statistics show that if a companies records are lost in a fire, 17% can no longer furnish a financial statement, 14% suffer a reduction in credit rating and 43% go out of business completely. No home or business is safe from fire. Your vital records and possessions are only as safe as the quality of protection you provide for them. With a Fire Resistant high security Safe, you can be confident your records will survive.

Safe Refurbishment- Locksmiths

At Peninsula Safe Company they use our long years of experience to advise you on which safe will best fill your unique needs.

To give you a clearer idea, they know...How a particular safe type or model will perform. The features and benefits of all the safes we sell, both new and used

What each safe is designed and built to protect.

Being the experts that they are, they also provide you with various support services including repairs of safes, personal delivery services - they deliver your safe ourselves so that they can ensure it is installed properly and you understand how to use your safe correctly.

Next you should decide what size safe you need, be very honest with yourself when estimating what will be kept in your safe, it may only be a little more expensive to buy a larger safe than you need today. Having to buy a new larger safe could be much more expensive.

If you buy a properly rated safe, built to protect what you are putting in it, could result in homeowners insurance savings, check with your insurance agent. Be sure that you follow whatever requirements they may have, failure to do so could result in no coverage.

Safe Repairs and Servicing

Access, repair, or update your safe and keep your valuables more secure:

- ✓ Safe opening
- ✓ Combination changes
- ✓ Safe malfunctions corrected

Safe Retrofitting

We are able to retrofit some safes from a mechanical combination lock to an electronic lock. The difference between electronic locks and mechanical locks is the electronic locks have several program features and opening the safe is much easier than the traditional mechanical combination lock.

Whether the safe has rusted shut or you forgot the passcode, call Locksmith Services Safe technicians to open and help you can reclaim your valuables.
