[Memorial Star Garden & Cemetery](#)

Great Southern Memorial Park takes the time to understand your preference for the type of resting place you want for your loved one. We can help you to personalise the experience of remembrance.

Memorial Star Garden

The Memorial Star children's and infant's garden is a tranquil place of remembrance. With a baby only cemetery and an infants and children's memorial garden, this is a peaceful setting located in a quiet corner, adjacent to our lake.

Memorial Star Cemetery

As you enter the star jasmine covered walkway your eye is immediately attracted to the angel, which looks over your child. With beautifully landscaped surroundings, this baby cemetery is a comforting place to reflect.

Infants and Children's Memorial Garden

The memorial scattering garden is situated in the manicured garden bed opposite the infants' cemetery.

You can include a plaque in this area in remembrance of your child, and choose to place the plaque in one of three themed areas – Cherub Corner, Teddies Park or Fairy Forest – each representing significant symbols of childhood.

We make a donation to a children's charity of our choice for each plaque clients ask us to place in the memorial garden.

Well-known Memorials

Great Southern Memorial Park has provision to place official commemorative plaques for eligible veterans in our Serviceman's Section. We are also happy to position a plaque for spouses next to people who served their country.

This special area graces the entrance to Great Southern Memorial Park.

The central focus of our Serviceman's Section is a flagpole surrounded by rosemary garden beds.

Since ancient times this aromatic herb is believed to have properties that improves memory. Perhaps because of this, rosemary became an emblem of remembrance in literature and folklore.

Traditionally, people wear sprigs of rosemary on ANZAC Day and sometimes on Remembrance Day. Rosemary also has particular significance for Australians because grows wild on the Gallipoli peninsula.
