### ***How To Clean Your Gutter Like A Pro***

**Cleaning your gutters on your own is a good way to save a lot of money, here are some helpful tips to understand the finer points of gutter cleaning.**

#### **Do not dent you gutter with your ladder**

Make sure the ladder doesn't touch the gutter. A stand-off ladder is the best way to go.

#### **Hand Scoop the gutter debris**

Make sure to rake everything up and cart it out. Scooping out the gunk by hand with a rubber gloves is better than spraying out the gutter.

#### **Downspouts should be functioning**

Making sure that your downspout is functioning well. You also want to check if there is a mesh guard at the top of the downspout.

#### **The outside of the gutter also needs cleaning**

Although cleaning the outside of your gutter is for aesthetic reasons, you do not want to cast it out and leave your gutter looking ugly and rusty.

Gutter cleaning can be done twice a year in many parts of the country. A minimal once a year cleaning is recommended if the gutters aren't subjected to a heavy debris load.
