

## **John James Gutter Cleaning- Gutter Cleaners - Rockingham**

### **Common Gutter Problems**

The overall gutter dilemma usually starts with lack of regular gutter cleaning and maintenance. This can cause many other problems to a lot of homeowners. Gutter Cleaners can help you maintain your gutter system and keep them fully functional.

The common issues of gutters when not cleaned habitually includes leaves, seeds, dirt, dust and rocks. This will prevent the gutter's job to collect rainwater that falls on your roof and direct it to where it is supposed to be.

The next issue is that when these clogged dirt will soon fill the downspouts. This can cause rainwater to overflow to different direction like at the side of the house or collect around its foundation. This will lead to wood rotting issues.

A leaf guard and regular gutter cleaning twice a year to ensure your guttering system is well taken care of to avoid any further damages to your home.

When further issues arise, it is best to hire a guttering professional.
