

Our Services

Lawn Mowing

A professional lawn mow gives the best look for your lawn. Our work includes whipper snipping around trees and other obstacles, professional edging, and leaving your garden neat and tidy for you to enjoy.

Acreage Mowing

For that larger block we have our Commercial Grade Ride on Mower which fits through average sized gates.

Green Waste Removal

Clearing your garden of green waste can be a strenuous and unpopular task for the busy householder. Hiring a skip can also be an expensive undertaking. Our trailer is like a mobile skip and holds approximately 3 cubic metres. Give us a call today for a FREE quote.

Garden Care

A well looked after garden gives a great look and increases the street appeal of your home. If you simply do not have the time, or inclination, please give us a call and we will be happy to visit and discuss a regular or one off garden maintenance programme for you and your garden.

Hedging & Pruning

Regular and careful hedging, pruning and trimming is a must when you have a lot of hedges and shrubs in your garden. For larger jobs, STS Mowing can arrange for a local tree specialist to carry out this work.

Garden Clean Ups

Sometimes, for whatever reason, our gardens become overgrown and need a little TLC. STS Mowing can carry out a clean up of your garden, refreshing it's look and street appeal. If selling your home or about to vacate a rental property this is sometimes a necessary requirement.
