

## Custom Laser Laser Cutting Services

Custom Laser specialises in laser cut decorative and privacy screens. We will beat any quote by 10% guaranteed ! Custom work is very welcome, so if you have any specific patterns or ideas you'd like to come to life just let us know! The screens are perfect for all outdoor and indoor areas including patios, pool surrounds, entryways and gardens.

We have a range of equipment and years of experience. We also provide metal folding services so you can get your job done at the one place, which allows us to offer you cheaper rates as well as a great service. For every project we take the time to ensure your needs are fully met. We also offer a very competitive delivery rate throughout Australia. Send us a message through our contact form to receive a quote.

Materials processed include: - Aluminum - Stainless Steel - Mild steel - MDF (wood) - Corten (rusted finish) – Acrylic
