

Brushfast

Line Marking and Power Sweeping

Reliable line marking services in Queensland

At Brushfast, we offer an extensive range of line marking services for all kinds of applications. We are a locally owned business with over 35 years' experience in the industry, working on line marking jobs of all shapes and sizes. Our staff offers an outstanding level of service, with the integrity and workmanship to satisfy both new and longstanding customers.

Our services and products

Although we specialise in line marking, we offer a wide range of services which compliment line marking such as cracking chasing, speed bump installation, pot hole repairs and more.

- Line marking
- Paint removal
- Sweeping
- Power vacuuming
- Floor scrubbing
- Sand blasting
- Asphalt repairs
- And more

Night times and the weekends are the prime time to conduct our work so that we don't disrupt business. That means we're available 24/7 for your convenience. Get in touch today and find out more about our wide range of services!

Our most recent projects include:

- Roadworks at Blackwater Mines for JK Civil
- Warehouse markings for Reece Distribution
- Car park markings for K-Mart Distribution
- Car and road markings for Bunnings

[Affordable line marking services in Queensland](#)

When it comes to car parks, warehouses, schools and leisure centres, safety is paramount. Brushfast Line Marking & Sweeping Services believes that all line markings and signage should always be well maintained and clearly painted. We help keep your commercial Queensland environments as safe as possible for your staff and customers with our affordable line marking services.

Quality road safety products

Brushfast Line Marking & Sweeping Services offers an extensive range of products and accessories including road signs, speed humps and wheel stops. Our experienced team can install any of our quality products on your premises, safely, professionally and quickly.

Professional line marking

Our highly trained team provide line marking services for schools and sports centres in Queensland to separate large football fields and gymnasiums. We clearly mark where specific areas begin and end, and can remove old lines or add new line markings.

Our line marking services include:

- Grass sports field line marking
- Disabled line marking
- Stencilling, lettering and numbering
- Line removal, crack chasing, repairs and joint sealing
- Line marking machines for hire

We use industry leading equipment and the latest machinery to ensure you always receive an exceptional standard of workmanship. Brushfast Line Marking & Sweeping Services has an outstanding reputation for getting line marking projects right first time, every time.
