

About Us

Love Photography

Photographer General

We want you to have the best of everything...

We care...

Love Photography cares! We care about you and your family and why you want professional photos. We care about how you want to look and feel in your photos. We will assist you with understanding what products are best suited to your home like whether canvases or acrylics are your best option given your home's décor and style . We will provide advice and examples of what to wear and where to go for the perfect results you have been looking from your photographer!

We guarantee you'll love us...

Love Photography truly cares about all of our clients and we strive to ensure that every single client is not only treated like family but more importantly pleased and proud with their purchase... in fact, we have never had a negative review or received negative feedback in all the years we have been growing our boutique photography studio. We have a near perfect customer service record and our delivery times are the best in Queensland at between two to three weeks on average. That is why we have our 100% satisfaction guarantee!

We are affordable...

Love Photography is not the cheapest professional photography business on the Gold Coast but we are also not the most expensive either! We are the most affordable and cost effective AIPP accredited professional photography business that features a dedicated studio space to create the most beautiful images just for you and your family to enjoy and appreciate for generations.

We use only the very best...

We insist on using only the very best Australian manufactured and produced products available today. The majority of our competitors first think about their profit margins and then about the quality of their products... we do the exact opposite to that. We believe that

if you charge a premium price then you need to deliver premium products and that's exactly what we do!

We will always provide options...

We will always take the time to ensure that you can afford the photography you love and want. We have never, and will never, use any guilt tactics or threaten you with your images unlike other photography businesses sometimes do. We understand that at times the heart rules the decision making and if you cannot afford the collection you desire then we will try to reach a compromise on your order to ensure that you only ever walk away with the products you can afford. We have a fantastic payment plan provider called Take Home LayBy that allows you to purchase and take home the photography products that you want for a small 33% deposit and then you pay the remaining balance off over terms of either 6 months, 12 months or 18 months and the best part is... it's completely free of any interest or setup fees to you! We never delete photos and you can always return at a later date when you can afford the products you desire, to purchase that amazing collection you fell in love with.

We support Aussie's in need...

We believe in and support a variety of children's charities including The Miracle Babies Foundation & the Endometriosis Australia. Miracle Babies Foundation is Australia's leading organisation supporting premature and sick newborns, their families and the hospitals that care for them. Endometriosis Australia endeavours to increase recognition of endometriosis, provide endometriosis education programs, and help fund endometriosis research. We strive to build strong relationships with existing endometriosis support networks throughout the country. By supporting these wonderful charities we ensure that we give back to the community of families that have helped to make us the success that are today. Not only do we say we support these charities, we also donate to them either by a percentage of each session fee or through annual awareness drives.

We want you to know...

We have completely taken the stress and unknown out of the photography process. All of our collection pricing and details are available for you to review and understand before you even book your session with us. Our collection pricing will be sent to you upon request. We have a minimum spend requirement of \$400 and on average the majority of our clients spend between \$1200 and \$2500. This does not mean that you will spend this same amount but our mission is to ensure that you are well informed and comfortable with our pricing and highest quality client experience so you can enjoy your photography journey free of the fear of the unknown. Just try to find another photography business that provides this much information, we challenge you!

We will reward you...

Love Photography wants to ensure you love your photos and not only return to us again and again but also encourage your family and friends to do the same. We have a wonderful referral program that rewards loyalty with real rewards not fuzzy discounts and schemes that force you to spend \$1000's of dollars to redeem. Our system is amazingly simple... firstly, your referred friend or family member gets a free photography session, next for every one of your referrals that purchases any Love Photography collection, you will get a \$250 credit assigned to your client record in our database. So if you refer 4 people you get a \$1000 credit to use on your next photography session with us... PLUS once you have had a photography session with us you never have to pay for another session fee ever again so that referral fee is completely for you to spend on products with us.

I look forward to becoming your professional photographer and appreciate you taking the time to read this statement. Thank you!

Love, Michele
