Rayment Excavations

Building Excavation & Excavator Services

Are you looking for affordable and reliable excavator hire services and quarry materials in Queensland? If so, you've come to the right place. Here at Rayment Excavations, we have all the tools and expertise to help get your job done properly, no matter how big or small.

Moving earth is our speciality, and we have a large range of earthmoving equipment, haulage trucks, quarry materials and more, all available for your next project.

We love getting our hands dirty

Rayment Excavations was founded in 1981 and in the beginning, all we had was a single backhoe. Since then however, we have expanded and we now boast a sizeable earthmoving, transport and distribution fleet.

Great customer service

Whether we're hauling, digging, grading or shifting earth, the experts here at Rayment Excavations focus on providing personalised solutions that are geared towards your ultimate satisfaction.

Our aim is to provide high-quality products and services and we've achieved that thanks to our wide range of specialised earthmoving services. That's why we're known as the best in the business!

Our fleet

Our massive fleet includes:

- 3 tonne to 33 tonne excavators
- Loaders
- Backhoes
- Bobcats
- Rollers
- Graders
- Dozers
- Tippers
- Water trucks
- Dump trucks
- Prime movers

- Floats
- Lowloaders

Rayment Excavations

At Rayment Excavations in Queensland, our top priority is providing exceptional service to each and every one of our customers. With years of experience in the excavation machinery industry, we have all the tools and expertise needed to advise you on the ideal solution for your needs. In fact, our customers have been so satisfied with friendly, personalised service that they nominated us in the Best in Business Awards!

From excavators to bobcats, tip trucks to rollers and anything in between, we have the specialised excavation machinery that you need to get any job done properly. As experienced professionals in Queensland, we understand the importance of using good-quality equipment and how it can make your job easier and safer. That's why we only supply high-quality equipment from top brands, ensuring that every project is completed efficiently and cost-effectively.
