Guest Comments

This is great place to stay – still sunny days and crisp, cool nights in front of the fire. We have stayed on the Tasman Peninsula many times but this is the best accommodation we have ever stayed in. A great find and we hope it will be available for our next trip here. We

didn't realise June could be such a lovely time to spend here, so we must get the word out to the mainlanders! **Lynne & Noel from Hobart and Christopher & Ella from Melbourne.** Forget remarkable cave, this is a remarkable house! We have had an absolutely wonderful time and appreciated all the luxury touches you've added to make this a comfortable home away from home. Thank you!! We will definitely be back. **Faust & Merilyn, Melbourne**

Port Arthur and the Tasman Peninsula

The World Heritage [Port Arthur Historic Site](#) is a very popular holiday destination with visitors coming from all over the world to see what remains of this British penal colony. As the site contains a museum, numerous historic buildings and ruins, the entry fee to the Site provides a two day pass which also includes a guided tour and a harbour cruise around the Isle of the Dead. Each night when darkness descends eerily on the Historic Site you can join the lantern-lit Ghost tour, which is particularly intriguing for children.

The [Tasman Peninsula](#) is an extraordinary destination for scenery, walks, beaches and fishing, particularly when tuna are running. In the Tasman National Park there are numerous short walks to stunning coastal scenery, such as the Coal Mines Historic Site, Tessellated Pavement, Remarkable Cave and Blow Hole, Tasman Arch, Devil's Kitchen & Patersons Arch coastal walks. For the physically fit there are world class walks to Cape Raoul, Cape Hauy and Cape Pillar. If sea conditions permit the half day Tasman Island Cruise is not to be missed.
