

# B & B Autoworks Troy Spink Automotive Mechanics & Motor Repairs

## About

I, Troy Spink, am a qualified motor mechanic, automotive electrician, qualified pink and blue slip inspector and an authorised child restraint fitter. I have grown up in the Sutherland Shire and now I am trying to give something back to the community. I have had the influence of my father Ron Spink who was a speedway great and a mechanic of 40 years.

"Growing up I had my father working in his workshop below where we lived. I guess it was only a matter of time before it rubbed off on me."

Apart from my father I have been trained by Howard Cook, who also has been in the trade for 45 years. In 2007, I started my business Troy Spink Automotive as a mobile business and since then I have taken ownership of B & B Autoworks. Robert Barnesly the former owner was moving on and knowing my background and training knew that I could carry on the level of service he had been offering his customers.

In our first 12 months of being at the store we have seen our business be nominated as a Female Friendly Accredited Business. We provide an honest work ethic that we provide and offer an environment that women and families can feel comfortable in. For a motor mechanic you can trust, call B & B Autoworks.

## Services

Our business offers many different areas of vehicle repairs, including log book services, pink and blue slips, trained and qualified child safety restraint fittings and pre-purchase inspections.

We are also a Female Friendly accredited company. This means women have gone out of their way to say that we are a female friendly environment that they feel comfortable in. When you see the pink tick, you know you are going to get great customer service with honest hard working values.

We are proud winners of the Sutherland Shire Business Award in 2010 and finalists in 2011 and 2012.
