

About the Mona Lisa Models™ Agency Escort Agents

Inside the Mona Lisa Escorts Sydney Service

mona-lisa-elite-models Mona Lisa Models™ is the world's premium high class entertainment company, designed to provide a higher level of flirtatious entertainment and professional model courtesan-escorts to those who demand the best, not just basic, brief escort visits. We are not in business for a 'fast buck', but rather to forge long term business relations with a clientele of substance and style. And we pride ourselves on providing the very best for you, in all areas. Models are limited to a fairly elite client list - we are selective, but we do happily cater to quality, refined gentlemen who behave as such.

Established in 1991, Mona Lisa Models™ (often known as Mona Lisa Escorts, or Monalisa agency), was first created and operated in Europe (Italy), and was bought to Sydney Australia to expand the company in 1995. Subsequently, due to increasing demand for the high quality we aim to provide, it was eventually necessary to open international offices. Originally, Mona Lisa Models™ was only known among those who knew the right people, providing courtesan-escort companionship and social escort services. Word of mouth and recommendations among high society was the only advertising done, in deference to the discretion of our exclusive clientele. Of course once the website was created, the name of Mona Lisa Models™ was quickly spread worldwide. Although we are now very well known, we still guarantee the highest levels of privacy and discretion as we have always maintained, in addition to superb company.

Mona Lisa Models™ has always been regarded as highly exclusive, and when you spend time with a Mona Lisa Models™ courtesan, you can expect to enjoy the fine reputation we are renowned for, encompassing sublime experiences and superb discretion - in a word, quality. We offer a 100% guarantee of quality, and encourage feedback from our clientele to ensure our standards are maintained and our accepted clients are delighted every time. We strive for 'exceptional', not just great. Book your personal entertainment here, and make your evening or weekend one that you will never forget. We'll make you very glad you did, you'll see the difference.

Reassuringly, Mona Lisa Models™ does not jump on the back of any public issue for cheap publicity - a deep commitment to discretion and confidentiality forever, is what keeps the top clientele and top models with us..

Our models do not rush in and out, or behave with the nonchalant attitude some other high priced model-escorts do. Mona Lisa Models™ staff strive to be first class courtesan-escorts in every way. (for information on the difference between elite quality courtesan companions and general high class escorts, click here.)

mlm-model-blond We encourage the high end courtesan situation as a professional career, albeit short-lived. In fact, for most of our Sydney escort models and international girls, this is a second income, and mainly entered into for the pure enjoyment. These models do not sit around 'on shift' waiting for last minute calls, but are booked exclusively by appointment; short notice bookings can occasionally be arranged, however this is subject to availability and models' schedules. Other models

choose to become full time courtesans, again, for pure enjoyment - of the luxury lifestyle and the interesting experiences. This is a different situation, however, to a full time escort, as our models meet far fewer gentlemen and operate at a far higher level than a simple sex-escort service. Our clientele is not 'paying for sex'.

Our hiring policies are quite strict, (see our employment section), and as such we attract a more professional, friendly level of model than do some other companies. Our higher fees also attract a higher standard of model, one who is confident she is worthy of a higher fee - without the attitude of feeling she is better than others! And we guarantee this is an experience very different to the average. With an added personal touch, attention to detail is our hallmark, and we know our 85 - 90% return client rates, and the quality of our clientele, speak for themselves.

Whilst we do tutor our models in service, we do NOT tutor them in personality; they are encouraged to be themselves, at their very best. We provide support and encouragement to bring out their natural warmth and passion for life, coupled with talented, superb entertainment - our experiences are NOT mechanical, cold or over-structured, and certainly not 'basic', as verified by our enormous return clientele.

high-class-model-sydneyOur exclusive, high class model escorts and elite courtesans are of the highest standard in physique (fitness), beauty, attitude and erotic professionalism. They are fully tutored in high class courtesan entertainment, and can provide a heightened erotic experience. Whether a healing, sensual Tantric experience, or a passionate, erotic girlfriend experience, the models are confident and vital, whilst being encouraged to retain their natural passion, femininity and their own personality. As opposed to just pretty company and fairly average 'service' you might experience elsewhere. Our models can provide for many different requirements, including local city tour guiding (international), hostessing at a social function, escorting you to social events, erotic massage and relaxing sensual massage, administration and personal assistant or concierge services, social companionship and dynamic, erotic entertainment. The erotic entertainment can include performing sensational choreographed shows for you, and other sensual entertainments, (more detailed service info here) ... making sure your evening is very memorable, exciting and fulfilling. Reservations are recommended, as entertainment on this level is in high demand.

While most agencies hire ladies indiscriminately, Mona Lisa Models™ selects only models in line with our standards, outlined further down the page. The difference in fee pertains to a model's education, sophistication, glamour, fitness, confidence levels, life experience, technique, career status, etc etc. Many things are taken into consideration before a model's final fee is decided. The new model will spend the first few weeks on a preliminary trial, where her standards are assessed by feedback from regular clientele and management's overall impression of her.

When we are appraising a model, we look for unpretentious confidence, pride in her appearance, and a certain 'something special' about her. Even when a model is deemed suitable to represent Mona Lisa Models™, she must be fully tutored to understand her courtesan-escort position, and to excel in all areas, such as Presentation, Attire, Composure, Appreciation of all the Arts, and Fine Dining, as well as thoroughly trained in Pleasure & Entertainment techniques. NOT part of our collection are indifferent, uninterested models, uneducated models with bad attitudes, and models who talk only about themselves. We strive to maintain the highest of standards, with a selection process that includes as follows:

PERSONALITY

Initially, an elite courtesan-escort's quality is that she is more beautiful inside than she is out, regardless of her exceptional beauty.

EVERY MODEL IS HER OWN PERSON - WE DO NOT TRY TO CREATE CLONES OR CARBON COPIES.

However:

Models not in a sociable mood are not welcome to work, and regular holidays are encouraged. We strive to avoid models with 'attitudes' and emotional hang-ups about men and intimacy. We pride ourselves on providing quality models and experiences, therefore a warm, compassionate, attentive instinct is important in our models. We encourage them to behave more like a new girlfriend than a paid companion. She should be adventurous, very bright, enjoy her position in life, and be a great pleasure to be around. Not every model will be excellent in every area, but each will excel in most areas with experience and our advanced teachings. Our models do not rush in & out, or behave with the nonchalant attitude that some other high priced ladies do. These are first class geisha-escorts in every way. By giving genuine attention, compliments and affection, making you feel good about yourself, and discreetly helping you to relax and unwind, she personifies the perfect elite companion for the distinguished gentleman or couple - reminding you of the true meaning of 'high class'.

BEAUTIFUL LOOKS & PRESENTATION

elite-model-Sydney Naturally attractive, glowing models are highly preferable to overly made-up dollies. We provide a hair and makeup artist, but our models are also tutored in skin care, makeup and health issues, and encouraged to cultivate healthy, natural beauty from the inside out. She must be able to maintain her look without assistance when necessary! All models have full medical tests every 3 weeks to ensure their optimum health and hygiene. Models have a basic dress code they must adhere to, including French designer corsetry lingerie, discreetly soled high heels, and a designer label corporate suit or designer evening wear. However, being beautiful is simply not enough. As they say: 'Beauty is only skin deep...'

EDUCATION AND WELL-SPOKEN ENGLISH

Although 90% of the models in our collection are Caucasian, (Australian, American, Canadian or British born and educated,) other nationalities are often popular, and our multinational models must speak perfect English. Models must be able to maintain intelligent communication with elite clientele, and converse perfectly with a beautiful accent, thus providing true discretion in social situations, and genuine high class company.

FIT, TONED BODIES

Courtesan escort models at Mona Lisa Models™ are encouraged to work out, eat well and generally look after themselves. Physical fitness is of paramount importance when providing a professional entertainment service. We certainly do not promote drug addicted prima-donnas like some agencies do, and we frown upon illegal substances being offered to our wholesome young ladies. Please refrain from doing so.

GOOD UPBRINGING

Sydney-model-companion There are several pre-conceived ideas in society today, that escort models are poor little un-educated things who cannot do anything else, or models from dysfunctional backgrounds, who turn to escort work in a vain attempt to feel needed and appreciated. Inevitably, ladies like that do exist, (unfortunately) however it is a very generalized view. In any case, these types of ladies would not survive here. Mona Lisa Models™ representatives must be strong-minded, yet

feminine, integrity filled and honest. They are trained in polite assertion. They must be versatile enough to feel at ease with both high society company in 5 star surroundings, as well as in the comfort of clients' holiday locations. As such, most of the models are from upper-middle class or above lifestyles. Well educated, stylish, and level-headed. Models must be able to calmly cope in awkward situations. Rather than embarrassing anyone, she must maintain a sense of graceful composure and social competence, once again providing complete discretion.

SENSUAL ABILITIES

Mona Lisa Models™ Management look for models who are obviously comfortable with their bodies, confident without being cocky, and instinctively sensual. Although not the only part of our service, personal attention can play an integral role. Girls who want to be in and out in 20 minutes, their only experience being in brothel incall parlours and unmonitored sex-agencies, are never successful here. Models wishing to enhance their lives, bring pure light and pleasure to their clientele, and are willing to learn an art, are always welcome at Mona Lisa Models™. All models have some experience in spending time with a man, in varying degrees, but quantity does not equal quality. However once we take her natural skills and elaborate on them with knowledge of the male being, and techniques in controlling the body's pleasure responses, her subsequent experience completes the perfect companion: A model who will kiss you, show genuine affection, connect with you on a deeper level, and create captivating memories throughout the entire appointment. The main emphasis within the Mona Lisa Models™ experience is on exciting entertainment and sensual eroticism. Viewing of our Gentleman's Guide will give you an idea of what is appropriate behaviour with any of your dates, if you are new to spending time with elite ladies.

~THE MONA LISA~

The most famous painting in the world is undoubtedly Leonardo da Vinci's Mona Lisa,(also known as "La Gioconda.")

The picture was purchased by French King Francis I and was placed in the Louvre museum in Paris. Now it is behind thick glass to protect it from vandalism. Applying paint in thin layers that almost make the painting glow, Leonardo somehow captured the character of his subject, Lisa del Giocondo, the wife of a Florentine businessman. Her smile is the most intriguing part of the painting. It is one of the only smiles in the history of art to be described as "mysterious."

Is it a fleeting smile captured by the artist, or a knowing, timeless, symbolic smile? And the haunting, subtle smile is not something that Da Vinci accidentally captured on his canvas. He wanted it there. And to make sure it wouldn't fade, he had beautiful music played during the sittings.

There is a historical but hazy rumour that this lady was a very highly sought after courtesan to wealthy gentlemen; In older times, a courtesan was a rather distinguished socialite, spending time with and being kept by high profile individuals. Because of this rumour, some believe that her smile conceals a lot more knowledge and secrets than anyone can read at face value. Who knows? Perhaps that is why she has an eternal smile on her face...
