

Welcome to CPC Services

Pressure Cleaning

We cover all cleaning around your home or business. For fast service and the best affordable prices, give us a call on 0400 717 856 and we can come to you for a free quote.

Gutter Cleaning

We come and clean your gutters and downpipes in Melbourne and surroundings. If you wish, install gutter guard to avoid future cleaning. This prevents leaves building up in your gutter, rodents or birds getting into your roof.

Gutter Guard

If your gutters require more than twice a year cleaning then to save money and hassel, install CPCS Gutter Guard.

Window Cleaning

Cleaning windows internal or external of your home, store front, commercial building or high rise buildings.

High Pressure Cleaning

Our high pressure cleaning will improve the look and safety of your property. Over the years, driveways, paths, pavers, roofs and walls will build up either mould, mildew, in-grain dirt and grime. Our experts use high pressure cleaners to remove these while providing a high quality workmanship.

Roof Repair

CPCS specialise in quick and affordable minor roof repairs. If you have a water leak coming into your home, in most cases, it's probably a cracked tile or the roof needs recapping. It's inexpensive and quick to repair. So avoid high costs and give us a call.

House Cleaning

We clean your outside house walls(Render, brick or weatherboard), eaves, and facias. You will be surprised how cheap and competitive we are. So give us a call for a quote and estimate booking time.

CPC Services offers gutter cleaning, gutter guard installations, high pressure cleaning an related services in Melbourne, Frankston, Ferntree Gully, Balwyn and across many other suburbs in Victoria. After a long and windy autumn it is usually time to climb the ladder and start assessing the damage and blockages in your roof drainage systems. However, many homeowners neglect this part of spring cleaning and later find themselves dealing with damaging overflow, leakages or even collapsed guttering.

The trusted gutter cleaners of CPCS in Melbourne are here to help. We take care of gutters, downpipes, gutter guards (installing and repairing), repair and minor roof maintenance. The team at CPCS are equipped with the ideal skills and training to help you maintain the health of your roof water drainage systems. Call 0400 717 856

Professional gutter cleaning in and around Melbourne provided by CPCS

All gutter cleaning is performed by professional gutter cleaners who have passed a stringent training course and are fully insured.

Our vacuum gutter cleaning techniques help you avoid major problems such as:

- **Overflowing that causes damage to foundations**
- **Premature rusting**
- **Staining to the exterior walls**
- **Stagnant water**
- **Bushfire hazard**

The Importance of Gutter Protection

By having gutter guards installed you will reduce the need for constant maintenance and avoid water damage, thus extending the life of your gutters.

...before...

...and after our gutter cleaning services

Gutter protection is highly recommended to eliminate the following problems:

- **Blocked gutters and downpipes**
- **Water pools formed from blocked gutters**
- **Contaminated water from birds and vermin**
- **Silt build up in your tank**

Gutter Guard installation in Greater Melbourne

We protect your gutters!

Our team of trusted vacuum gutter cleaners and guard installers service all areas of Melbourne including the eastern suburbs, southeast Melbourne and beyond like Balwyn, Beaumaris, Belgrave, Berwick, Box Hill, Brighton, Camberwell, Caulfield, Chelsea, Dandenong, Eltham, Emerald, Ferntree Gully, Frankston, Hawthorn, Langwarrin, Malvern, Mornington, Mount Waverley, Ringwood, Rowville, Templestowe, Toorak. Our team can easily offer you a quote and be servicing your property as soon as possible.

Having your gutters cleaned and protected with gutter guards can:

- Stop birds nesting in your gutters, eaves and ceiling.
- Block possums from entering into your roof
- Produce higher quality water for your water tank
- Increase the lifespan of your water pump
- Reduce your maintenance. After 3 -5 years a quick high pressure flush is only required.
