History of Beginning

Water Filtration Systems has been installing and servicing water filtration products since 1999 and every year invest in ongoing research and development into our products. Our experience has ensured that the Water Filtration Systems product range is broad and leads the market, our sister company is Ring Hot Water.

Enjoy Crystal Clear Water With Our Home Filtration Systems

Clean, clear water is vital for the health and wellbeing of us all. As much as having instant hot water on tap is nice, knowing that the water is clean and free of impurities and contaminants is far more important. Home water filtration systems are becoming more affordable than ever, making their installation all the more appealing to Melbourne homeowners.

In addition to hot water systems, Water Filtration Systems is also able to install home water filtration systems to suit all kinds of arrangements. From under the sink units designed for use in the kitchen to filtration systems that take care of the whole house, we've got everything you need to enjoy crystal clear hot or chilled water in no time!

Why Choose Water Filtration Systems?

When it comes to the installation of home water filtration systems and hot water systems in Melbourne, there are many reasons why you should choose Water Filtration Systems:

- Aside from installation of the above mentioned systems, we also provide maintenance and repair services for these as well as for ovens and other electrical items.
- We service much of the Melbourne metropolitan area, including Sunshine, Yarraville, Footscray and other surrounding suburbs.
- Our team boasts a wealth of experience, and we are always happy to pass on our knowledge and recommendations to you.
- We sell only 100% authentic products and can deliver to any location in Australia when you buy online or over the phone.
