

# Keep N IT Clean

## Commercial Cleaning

### Who We Are

Keep N it Clean in Ballarat, Victoria was established on January 12, 2017. It all started with a conversation over a cup of coffee between a mother and daughter. We have always talked about owning our own family business, but it was always just a matter of finding the right industry to break into. With the guidance of NEIS, we were able to start the business' operations.

### Get to Know Our Owners

We are a mother-daughter team with extensive years of experience in the cleaning industry.

Alice has many years of personal experience in all aspects of cleaning as a mother and on the job in various industries.

On the other hand, Nakole, who has almost four years in the commercial cleaning industry in the Ballarat Region, found out that there isn't enough duty of care in this industry, and we want to change that! That's why we have decided to join forces!

## Mark of Excellence

At Keep N it Clean, we aren't just any cleaning business. We pride ourselves on delivering an outstanding quality of service with business packages tailored to suit the needs of our clients.

We understand that in business, there is so much more to worry about than who's doing the cleaning. So leave the drag of that timely 'ole chore' to us!

## Extreme Detail Cleaners at Your Service
