Roof Restoration

About

Bradwin Roofing

Bradwin Roofing and its friendly staff aim to please all of our customers and provide tailored roofing solutions for each client depending on their individual needs. All of our jobs are completed to highest quality standards whilst complying with all safety standards and Australian roofing standards. We hope this website gives you a good understanding of roofing terms and procedures but also understand that we really do love what we do and gain satisfaction from every project we complete.

For more information on our roofing services, please do not hesitate to contact us directly. We look forward to working with you and we will strive to over deliver with our guaranteed quality workmanship and practical face to face customer service.

Roof restoration

Roof restoration is a great way to enhance the aesthetic appeal of your home and also add value to the property.

Bradwin roofing can transform the look of your home with a restoration by modernising your roof using the latest quality materials on the market. A roof restoration will also ensure your roof is structurally sound keeping it free from ongoing maintenance problems that could cause damage to the inside of your home.

Bradwin roofing's qualified roof tilers can tailor a restoration to suit your needs whilst also complying with all Australian roofing standards and safety codes.

Re-Roofing & New Roof Installation

Often when your roof gets to a certain age they can become so far deteriorated that it is beyond repair. In this circumstance re-roofing is a great alternative. Bradwin Roofing can remove and dispose of your old roof and install a brand new roof. We can replace battens, tiles, ridge caps, sarking paper and even box gutters and flashings. Re-roofing is a great investment for your home as it will ensure your house is protected and safe from any damage to the inside of your home that can be caused by a deteriorated roof.

If you are building a new home, Bradwin roofing can also supply and install your new roof. We have a huge range of colours and profiles available for you to choose from. Bradwin

Roofing will tailor a new roof or re-roof quote to suit your needs whilst always complying with all Australian roofing standards and safety codes.

Roof Painting

Bradwin Roofing uses a 3 coat system on all of our restorations. We do not thin or water down any of our paint. The paint comes straight from the bucket onto the roof ensuring color consistency and thickness across the roof. Depending on the condition of the tiles after the cleaning process we will either use a maxi prime, sealer or high build sealer to ensure a smooth even finish. All roof penetrations and additions will be covered and taped off to eliminate overspray. Painting of your roof is a great way to transform the look of your house whilst also adding value to your property. All painting is guaranteed for 7 years.
