We offer superior log book servicing using quality parts ensuring your warranty is not compromised. We can use genuine parts if desired or offer alternatives; please ask. Only quality technicians are employed who are closely supervised.

After 30 years in the auto repair industry we have a network of like minded repairers to aid with obscure problems we may encounter with your vehicle. We have six scan tools which allow us to service, diagnose and reprogram most makes and models including Audi, BMW, Mercedes, VW, Seat, Skoda, Volvo, all Asian vehicles - Hyundai, Toyota, Mazda, Nissan, Mitsubishi, Daewoo, SsangYong, Cherry, Greatwall and Proton, Holden, Ford, Chrysler and Range Rover.

All our repairs are guaranteed for 12 months or 20,000 kms, however some parts come with a 2 year, 40,000 km warranty. Most repairs are carried out in-house, ensuring our strict standards are adhered to and deadlines met.

Our company director has a passion for old cars and has repaired vehicles from the 1940s onwards. He has many contacts and can organise parts for most vintage vehicles.
