

Black Tie Cleaning Commercial Cleaning

Water pressure cleaning and softwashing for Domestic and Commercial

Sometimes domestic cleaning products or equipment just don't do the job.

Some places are hard to clean and too high to reach. Not for us.

If you are having problems with mould, mildew, moss, dirt or cobwebs and need help to remove it then Black Tie Cleaning & Sealing Services is your answer.

Using a combination of low pressure softwashing methods for painted surfaces and water pressure cleaning for harder surfaces we have the perfect solution to clean your property.

Black Tie Cleaning has 20 years cleaning experience, we understand the importance of ensuring your commercial or private property is as inviting as possible for family and customers. We provide an effective and comprehensive cleaning service which can erase even the toughest of stains and graffiti problems from your property.

Based just north of Sydney's city centre, we provide pressure cleaning and soft washing services all the way north to the Central Coast of New South Wales. Our team of well-trained experts use the highest quality cleaning products and equipment to give you the best possible results. Many of our clients come back to us again and again, with some continuously using us for over 10 years. Our strong attention to detail and listening to every requirement has made us the first choice in professional cleaning.
