

# Cactus Design & Drafting

## Building Design & Drafting Services

Who are we?

Cactus Design & Drafting is a Minto based building design and drafting company created in 1990 by company founder and Director, Carl De Groot. Carl created Cactus Design & Drafting with a belief that unique and inspirational architectural design doesn't have to be costly and construction plans are an important part of each project, not just ink on paper.

Discuss your ideas with Carl, and you will find a calm, focused professional who is easy to trust with one of the most important projects of your life, or experience the difference and craftsmanship of Cactus Design & Drafting. We listen to your requirements and work within these parameters to produce the optimum design result for you and your family, so call Carl today and take the first step towards making your vision a reality.
