## Rubbish Waste Removals

### Paul's Rubbish Removal

Paul has been in the rubbish removal industry for over 10 years. He has worked in excavation and removal, strip outs, building site rubbish removal and has worked with many of the large rubbish removal organisations in Australia.

Paul's Rubbish Removal is the culmination of a working life of experiences and dedication in rubbish removal. Paul's ability to handle rubbish removal work of all kinds is second to none. The recent acquisition of a dedicated rubbish removal truck has allowed the business to expand to rubbish collection and rubbish removal in outlying areas of Sydney.

Paul's attention to detail and hard-working attitude makes him an ideal candidate for any rubbish removal task where precision in both time keeping and methodology is so crucial. With his best price/affordable approach to rubbish removal and disposal you will find him very economical to employ as well.

Paul hopes to make Paul's Rubbish Removal into a household name for quality and excellence. His attention to detail allows you to have complete peace of mind where your rubbish removal requirements are concerned – be ready to be impressed.

No matter how large or small the rubbish removal task, Paul is equipped to handle it.

### Testimonials

Excellent service; quote given on the spot for major clean-up of household throw-outs. The team provides quick, efficient and courteous removal! Very satisfied customer.

**Les Thompson**, Bondi Beach, Residential Rubbish Removal

We needed a few boys to come down to the building site and remove large amounts of materials after the demolition. Paul was very friendly and gave us all the info we needed. We scheduled for him to come down on the same-day as it was an urgent job. Not only did he arrive on-time and get the job done, he was very professional throughout the clean-out and managed his team very well. Top job mate!

**Shane W**, Demolition & Hard Materials

Paul did a splendid job with cleaning out our backyard. We had old fridges, computers, microwaves, timber flooring and heaps of other junk left over from our house renovation. Paul was quick to provide advice and how much it'd cost to get everything cleaned up. He arrived at a time which suited us best and left absolutely no rubbish behind. I can not stress how happy we are now that our family home is junk-free! Thank you!

**Angelina W**, Mascot, Residential Home Rubbish Removal
