

Window Safety Compliance

Window Shutters

STRATA WINDOW SAFETY SPECIALISTS

ONE OF NSW LEADING NAMES IN CHILD WINDOW SAFETY

Window Safety Compliance is an Australian owned and operated company specialising in the installation of Child Window Safety. We have a positive can do attitude and aim to reduce and eliminate children falling from windows by working closely with our NSW Strata communities.

We are one of the most reputable service providers in Child Window Safety Devices. We have a combined experience of 7 years in the Building and Construction industry. No job is too small or too large at Window Safety Compliance.

Not only are we an Australian owned family business, we pride ourselves on being community leaders through a broad range of advocacy and social responsible programs. This includes donating \$2 for every window safety device we install to a window in each strata building.

We pride ourselves in the quality of customer service we provide to ensure that our clients needs are met. This has been achieved by developing a tailored service delivery model providing 100% success rate with the jobs we have undertaken.

WHY CHOOSE US?

At WSC we aim to prevent window falls by working closely working strata communities to create a safer environment for our children to play in.

Experience

We have a combined experience of 7 years in building & construction, moving up the ranks to be known as one of the most reputable companies in Child Window Safety.

Up-to-Date Compliance

We work closely with strata managers and owners' corporations to ensure all properties comply with the current NSW legislations relating to child window safety and its regulations.

Certified Technicians

Our technicians are trained extensively, keeping up to date with new safety devices released in the market. This ensures window safety restrictors are fitted correctly and compliance is met.

Cost Effective

We are competitive in our prices and guarantee to beat any genuine competitors quotations by 5%, provided we are given a genuine copy of a competitors quotation.

Professional Service

Our team of professional installers & office management staff are well equipped to manage a range of projects to ensure compliance is met in a professional manner.

Efficiency

At Window Safety Compliance (WSC) we work together with strata managers to ensure child window safety devices are installed, tested and certified without any major disruption.
