*20 years of experience*

There are a lot of cleaning businesses and contractors out there. But there are NOT very many that have survived and thrived in the cleaning industry for over 20 years like Homecare2000. John Gillard founded Homecare2000 over two decades ago, and has built and maintained an impeccable reputation for reliable, good value service.

*Happy customers*

Our work speaks for itself. But more importantly, rather than us trying to toot our horn about the great jobs we've done over our many years in this industry, we're lucky to have a range of happy customers who do the tooting for us. Speak to us now and if you want a customer reference that is specific to the particular kind of cleaning service you need, we'll give you one for your peace of mind. Don't take our word for us being great – take our customers' word for it!

## *Value*

“Price is what you pay. Value is what you get.” Warren Buffet. Homecare2000 believes in this ethos, and believes that it is smarter business practice to give our clients a high quality but also high value service, because that way they (and you!) keep coming back. So we’re as interested in giving you maximum value, as you are!

### **How Does Exterior Home Cleaning Work?**

We often get asked what we do differently that sets our business apart. Cleaning is simple, right? If you want a really high quality job that lasts, then there’s a little more to home exterior cleaning than meets the eye. The right equipment that has the right specs (eg a strong enough pressure cleaner), the right cleaning chemicals and disposables (cleaning products), being organised and reliable, and the right work ethic – are all key ingredients to why Homecare2000’s work stands out, and stands apart. We take special care not only to not damage your exterior surfaces, gutters, eaves and awnings etc – the cleaning we do helps to preserve them.
