Your vehicle's braking system is an integral part in ensuring your safety on the road. At Macquarie Brakes & Automotive Services we will meticulously check your vehicle's brakes to ensure they are operating correctly.

Poor braking systems won't bring your car to a stop when needed and may contribute to an accident, so it is vital for your brakes to be in optimal working order. To help ensure the safety of your vehicle, we offer free brake checks.

If your brakes need attention, our mechanic will advise you on what needs to be done and provide you with a quote for repair.

Don't leave your vehicle's safety to chance, contact our helpful team to organise your free brake check today.
