

Eastern Hills Netball Association

Netball Clubs

History of EHNA

This information was put together by Denise Waller (EHNA Life Member) to show how netball started in the Hills. The original history was collated to celebrate Eastern Hills' Anniversary in 2003 and Denise has kindly updated the information to make it current.

It is amazing to read how the sport grew from only a couple of teams into the netball Association that we know today.

EHNA Management Committee would like to extend a big THANK YOU to Denise for compiling the history.

If you have any information or photos that you think she may find interesting Denise may be contacted through the EHNA email address ehnetball@hotmail.com
