

## Our Facilities

Victoria Funerals is contemporary in design and provides state-of-the-art facilities to its client families. Located in Victoria Street, Brunswick, our newly renovated premises are a testament to the commitment and dedication with which we service our client families.

Victoria Funerals was custom built to provide client families with the highest level of comfort and convenience. Together with our dedicated staff, Victoria Funerals offers a genuinely caring service.

The décor is one of simple, restrained elegance, created by the understated beauty of Australian sandstone and timber, and the careful blending of these materials with metal, porcelain and architectural glass.
