

Leader Locksmiths- Locksmith Services - Macleod

Why Hire Us

Leader Locksmiths is a mobile locksmith business offering a reliable and friendly service. Their servicemen are fully qualified and licensed, with over 20 years of experience.

They offer locksmith services for residential, commercial, and industrial customers across the Melbourne Metropolitan area and a local 24/7 emergency locksmith service.

ACCREDITATION- LOCKSMITHS

Private Security License

At Leader Locksmiths we are one of the few 24hr locksmiths in Melbourne that hold Private Security Registration, licensed by the licensing services division of the Victoria Police. This is the same body that polices gun control. This license requires that you have several references from official positions, and have been working in the industry for a number of years. All of our service technicians hold an individual private security license / security advisor and security install. These licenses are law in Victoria and you should always ask to see a contractor's license.

Working With Children Check

The Working With Children Check (WWCC) is a legal requirement for people doing any work around minors. The WWCC screens people's criminal record and in some cases, their professional conduct records. The WWCC aims to prevent people who pose a risk to children from working or volunteering with them. All of our service technicians hold a valid WWCC.

Victorian Construction Industry White Card

All of our service technicians hold a valid Victorian Construction Industry White Card. A white card is evidence that you have completed a general construction induction course. This course is mandatory for anyone who works in the construction industry.

If you have questions Or need to contact the for a no-obligation, free quote, call them on 0435 338 398.
