

Oakleigh Locksmiths - Locksmith Services- Oakleigh

Commercial Locksmith Services

Hardware scheduling can be a difficult and time-consuming task when conducted in-house, requiring extensive libraries and in-depth knowledge. Oakleigh Locksmiths have developed a service designed to simplify the scheduling of and hardware.

Superior Commercial Locksmiths in Melbourne

For years they have worked alongside architects and designers which has afforded them an even greater appreciation of the end user requirements. As such they stock an extensive range of architectural and designer door hardware and furniture to suit both newly built and refurbishment projects.

Australian Standards and Building Codes Certified

Furthermore, their team works to the latest Australian Standards and Building Codes to ensure that every product they supply complies with the most recent regulations. This guarantees that the products recommended to you by their highly qualified staff will be suitable to the application. Their experience in this field is a key factor in their ability to provide you prompt and accurate product scheduling.

Regulated by Occupational Health and Safety Requirements

With Occupational Health & Safety requirements becoming more regulated it has become increasingly difficult to find trades people who comply with all of the regulations. Their comprehensive OH&S Policy meets the most stringent requirements and as such they have also have CM3 certification. Our staff also have Red Cards to undertake work on union sites and "Working with Children" licenses to certify they can work in environments where there are children.

In addition to the range of domestic services available they also offer the following commercial solutions:

- ❖ **Architectural Locks & Commercial Grade Hardware**
- ❖ **Door Closers**
- ❖ **Emergency Exit Devices / Panic Exit Bars**
- ❖ **Filing cabinets**
- ❖ **High security locks**
- ❖ **Keyless Entry Lock Systems**
- ❖ **Lock Maintenance Scheduling**
- ❖ **High Security Restricted Key Systems (1 key solution for many access levels)**
- ❖ **OH&S & JSA Compliancy (CM3 Certified)**
- ❖ **Roller Doors and Shutters**
- ❖ **Safe Combination Changes**
- ❖ **Safe Work**
- ❖ **Security Hardware Installations**

Corporate Clients- Locksmiths

Every client is unique and they will tailor a service to suit your security requirements no matter how diverse. Client satisfaction is something they strive for with every single job they do. Considering that a good portion of our work is for repeat clientele, they think it's fair to say that we're achieving that goal on a regular basis.

They're also in a great position to assist larger organisations as well through their highly qualified network of professional locksmiths throughout Australia and New Zealand. Providing a single point of contact for all of their security needs takes the hassle out of having to maintain a large database of locksmiths and safe companies. With a single call or email your request will be efficiently organised by their service team, giving you more time to get other things done.

Government Clients

Their many years of providing services and products to Federal, State and Local Government agencies throughout Australia is something they are extremely proud of. They carry accreditation from ASIO for providing products and services which meet SCEC requirements. From servicing Safes and Vaults, through to high security master key systems they can do it all for you.

If you are looking for commercial locksmiths in Melbourne, make sure you choose someone that can do the right job. For a free on site security assessment call 03 9568 6344.
