

About Us
Consolidated Leisure & Sport
Pool Tables

ONE IN FIVE AUSTRALIANS REGULARLY PLAY
BILLIARDS, SNOOKER OR POOL.

In 1970, West Australian Football legend Mal Atwell founded the Mal Atwell Leisure Group. Just like Mal's efforts on the football field, the family owned organization has gone from strength to strength. A major part of this success has been the continued growth of the Melbourne based distribution arm Consolidated Leisure & Sport. Established in 1988, CL&S has become the largest wholesale distributor of billiard, snooker and pool products throughout Australia and New Zealand. A family business that currently employs in excess of 30 personnel, with an annual turnover exceeding \$AUD10 million.

CL&S has remained the exclusive name behind Aramith billiard, snooker and pool balls since 1988. These are the only phenolic resin balls used in World Championships, and are preferred by almost 80% of players worldwide. The complete CL&S product range includes the very popular English developed Mitchell cloth and accessories, Strachan cloth, Pot Black, Barracuda, Wizard and Marshall cues. CL&S distribute to over 400 major customers Australia wide.

CL&S IMPORTS AN EXTENSIVE RANGE OF EXCLUSIVE
BILLIARD, SNOOKER & POOL PRODUCT LINES.

Over the last ten years, CL&S has proudly contributed around \$1 million to the promotion of cue sports in Australia, supplying all facets of the billiard, snooker and pool industry. CL&S have exclusive sponsorship arrangements with the Australian Snooker Council, Australian 8 Ball Federation, along with support for each state association.

Consolidated Leisure & Sport are committed to the ongoing service of a unique and growing sports market, continuing to supply a range of new and evolving leisure product innovations.

CL&S AND THE ATWELL FAMILY ARE THE LARGEST
SUPPORTERS OF BILLIARDS IN AUSTRALIA.
