

SG Plumbing And Gas Fitting Plumbers

Our Services

Water Heater Repairs & Installation

We work on all forms of hot water services. We can recommend the best course of action regarding making repairs or replacing your hot water service.

Heating Repairs

At SG plumbing we believe in fixing appliances where viable rather than replacing without just cause. This not only saves you money but means you might not prematurely replace an appliance. Give us a call for all your heating needs.

Evaporative Cooler Repairs

Evaporative cooling systems require routine maintenance and cleaning. We work on all models and can source most parts. However if its more viable to replace the cooler we will recommend the best course of action.

Water Tank Installation

With ever rising water rates, have you considered installing one of dozens of different designs of water tanks? Give us a call and we can quote you on the best, most effective tank/pump set up for you.

Gas And Water Leaks

Gas and/or water leaks can have devastating effects, not only on personal property but can also be dangerous, posing severe health and safety risks. If you have excessive water or gas bills, give us a call today.

Storm Water And Sewerage Solutions

Is your sewer blocked? Or do you need smart logistical solutions for your renovations? We've got the answers. Need practical solutions for your storm water or roof drainage problems? We'll find the most affordable solution for you.

Energy Efficiency Ideas

Finding your power/gas bills too expensive? We can come up with some clever ideas to help manage and reduce costs around your home. We have simple ideas from the addition of whirly birds through to an appliance upgrade.

General Plumbing Around The Home

From tap washers to toilets, and everything in-between. We carry lots of general plumbing stock at all times, which means no matter what the issue is we've got you covered.

About Our Business

SG Plumbing And Gas Fitting has been founded on the idea of affordable, professional plumbing. As a small business, we are able to spend that extra time making connections with all of our clients.

We work anywhere in Melbourne, including the bay-side suburbs, south east suburbs, northern suburbs and most of south and west Gippsland.

We work in all avenues of plumbing, how ever we specialize in gas maintenance. More specifically heating and hot water services. Other aspects of the industry that we are known for is our ability to find solutions to a whole range of unusual and difficult plumbing problems.

In cases of emergency/urgent plumbing we will make our best efforts to get to you as quick as we can. We can also offer free advice over the phone to neutralize a situation until someone from SG plumbing is able to attend.
