

# Locksmate- Locksmith Services- Caulfield

## Automotive Locksmith Melbourne

In order to get replacement car keys you would normally have to purchase a blank key from the car dealer, take it to a locksmith to be duplicated, then back to the dealer with your car to have it programmed, each stage costing you money and time.

### Vehicle Key Duplication- Locksmith

Most cars today have a microchip in the head of the key that is programmed to the car's computer system. Now we can do this process in one easy step.

We can duplicate and program your car key, even a transponder model, for a lower cost than the dealers.

### These are just a few of the locksmith services that we can provide:

- ✓ Car Keys Duplicated or Cut To Code
- ✓ Extract Broken Keys
- ✓ Ignition Lock Repair
- ✓ No-Damage Opening
- ✓ Transponder Keys Cloned & Cut
- ✓ Transponder Keys Programmed
