

K.C. Locksmiths- Locksmith Services - Springvale

What We Specialise In

K.C. Locksmiths specialise in key systems which are efficient and convenient. A key system is when all the locks in the house (indoor and outdoor) have been programmed to open to one master key.

Convenient and Easy Key System- Locksmiths

This master key can be programmed to open indoor locks, outdoor locks and padlocks. However, if you had different family members needing access to your house, you can give them a secondary key which can be programmed to open all the doors the master key can, except your master bedroom. This key system is extremely convenient, effortless and easy.

Call K.C. Locksmiths at 0403 133 960 and experience their affordable and efficient locksmith services!
